1

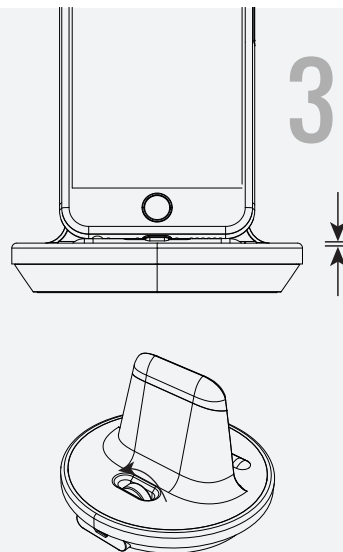

To connect your phone: Set the connector to the highest position by scrolling the wheel on the back.

2

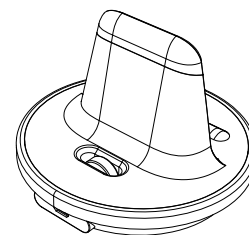

Slide your phone down towards the connector on the dock.

3

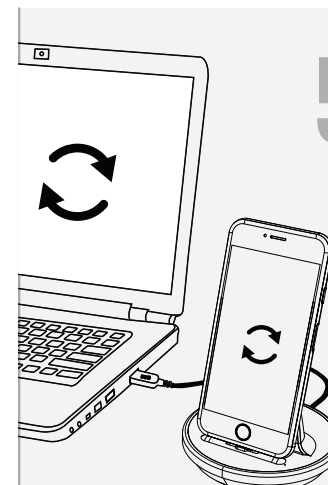

Lower the connector using the wheel on the back until your phone reaches the base of the dock. This ensures that your phone is connected properly.

4

Please note that an AC adapter is not provided. The attached 6 foot cable can be connected to any AC adapter that has sufficient amps for your phone.

5

You can also sync and charge your phone by connecting the attached cable via computer USB port..
