①. MIC USB connector  
②. USB connector

- 1) Connect the USB connector to the speaker and computer or AC adapter
- 2) The LED light turns red when the speaker is charging and turns blue when the battery is completely charged
- 3) The speaker will fully charge in about 2 hours. Please fully charge before first use

**! This cable is not compatible for data connectivity with other devices except for this product only.**

## LAYOUT & DESCRIPTION:

TOP OF THE SPEAKER

SIDE OF THE SPEAKER

## OPERATION:

Turn your speaker on, or press the 'Bluetooth' button.  
Go to settings in your phone and turn your bluetooth on. It will begin to search for the speaker, "Ripple Speaker" will connect.  
Your phone should connect to the speaker automatically in the future.  
If it does not, you may need to install an app on your phone so it will do so, or just connect each time.  
If a phone is already connected to the speaker, then you need to disconnect that phone by turning off its bluetooth in order to be able to connect a new phone to the speaker.

You can also use the 3.5mm cable to connect your phone directly to the speaker.  
If you have any questions or concerns, please feel free to contact us.
